Applicant's Motion to Amend Application With Consent of Opposer

Pursuant to an agreement between the parties to this proceeding, Applicant requests that the identification of services for its application be amended to the following:

educational services, namely, classes, workshops, and seminars, in the fields of business, cooking, investing, business relationships, and business networking; all the aforementioned services excluding games, online games, electronic games, computer games, and gaming software.

As this amendment narrows the scope of the identification of services, Applicant submits that the amendment is acceptable.

Respectfully submitted,

August 11, 2016
